

Exercise 1

Create a simple HTML page using basic tags.

Code:

```
<!doctype html>
<html>
<head>
<title>using html tags</title>
</head>
<body>
<p><i>hello world!</i><br>
<u>hello world!</u><br>
<b>hello world!</b><br>
</p>
</body>
</html>
```

Output:

hello world!

hello world!

hello world!
