Exercise 4

Create a web page and show the output from 1 to 10 in separate lines, each number being in different color.

Code:

```
<!doctype html>
<html>
<head>
<title>using separate colours</title>
</head>
<body>
<h1> <font color="blue">1</h1><h2> <font color="red">2</h2><h3>
<font color="yellow">3</h3><h4> <font color="purple">4</h4><h5>
<font color="orange">5</h5><h6> <font color="green">6</h6>
<h2> <font color="magenta">7</h2><h3> <font
color="brown">8</h3><h4> <font color="black">9</h4><h5> <font
color="grey">10</h5>
</body>
</html>
```

Output:

1

2

3

4

5

6

7

8

9

10
